# Welcome

## Welcome to Rome and to La Pinacoteca del Tesoriere.

We are delighted that you have chosen our beautiful city to celebrate your special day. In order to assist you during the planning and on the actual day we have created this Wedding Planning Directory which will help you or your Wedding Planner in making your lifetime celebration even more memorable and, most importantly, as smooth as possible.

You couldn't have chosen a more spectacular location for your wedding. La Pinacoteca del Tesoriere is a magnificent private palace, closed to the public, which houses a collection of over 800 masterpieces of Italian art, stunning statuary, frescoes and murals dating back to the 3rd century BC.

My personal interest in arts and in the preservation of historical venues has led me to open this unique location in my native city, to the organization

and the hosting of special events, such as weddings.

My team and myself will work closely with you or your Wedding Planner to ensure you can personalize and you can customize your wedding in order to make it your own special, unique and memorable celebration.

We look forward to meeting you, your friends and your family soon and to contribute to the success of your special event in Rome.

Your sincerely  
Alberto Ciarallo
